

A SPECIAL ISSUE OF THE  
HIGHLY RESPECTED AND  
WELL-ESTABLISHED  
INTERNATIONAL JOURNAL

# RENEWABLE ENERGY

Impact Factor (2017): 4.900  
5-year Impact Factor (2017): 4.981

**Submission Deadline:**  
**30 November 2018**

**Notification of Acceptance:**  
**15 April 2019**

Selected number of papers with strong original contributions to science/applied science which include research results both on relevant modelling and laboratory/field experimental studies will be invited to be peer reviewed and published as a special issue in Renewable Energy. Papers for consideration in this special issue of PVCon2018 should be submitted through the online submission system: <https://ees.elsevier.com/rene/default.asp>

If you do not have an account, please first register. The guideline for the submission steps are in the followings. It is important that the authors select **VSI: PVCon2018** when they reach the "Article Type" step in the submission process.

You can also reach the information under "Author Information" sub-menu at upper-right corner of the site.
